

# Complianz Cookie Opt-Out Plugin Customer Worksheet

To help us configure the Complianz Cookie Opt-Out plugin on your website, print out this worksheet and make note of what data you collect via phone, email or your website. Once you have all the information noted on the worksheet, go to: <https://tmdmalvern.com/cookies-opt-out-form/> to fill out the form. The data will be sent to us allowing us to configure the plugin accordingly.

The Complianz Wizard will guide you through the necessary steps to configure your website for privacy legislation around the world. We designed the wizard to be comprehensible, without making concessions in legal compliance. There are a few things to assist you during configuration:

- Hover over the question mark behind certain questions for more information.
- Important notices and relevant articles are shown in the right column.
- You can always [log a support ticket](#) if you need further assistance.
